NAME OF ARTIST :   **Grade:**

Grading Rubric Guidelines:

✓meeting minimum requirements as specified in the exercise
- Creation of at least 5 images
- clean code – appropriately commented and modular (using functions/File I/O)

/80

✓submitted using submission guidelines as specified in the handout

/5

✓extra features such as readme/website/creative ideas etc

For example you could write a python script to rename your images to the appropriate naming conventions.

 /15

NOTE: The selection of images should not total more than 30 maximum, 5 minimum. Quality counts, not quantity.

Comments:

S19 – Roughly this translates to:
Working (producing images), commented code, properly submitted 80-85
Working as above, using recursion 85-90
Working as above, allowing user to input recursion level 90-95
All of the above, outputting corresponding text files with equation to go with image file
95-100 Points for comments, neat and readable py files, placing images via code into directories etc.
